

Regulatory Information September 2026

Accoat Guide Wire

Accoat Standard guide Wire

Poseidon Hydrophilic Nitinol Guide Wire

Poseidon URO Guide Wire

Label update

SP Medical has revised the product labels for the above-listed guide wire product ranges. The change is not significant and does not change the safety profile of the product.

Label Updates

The following changes have been made to the product labels:

- The date format has been changed from **YYYY.MM** to **YYYY.MM.DD**.
- The Data Matrix code has been updated to include the manufacturing date.

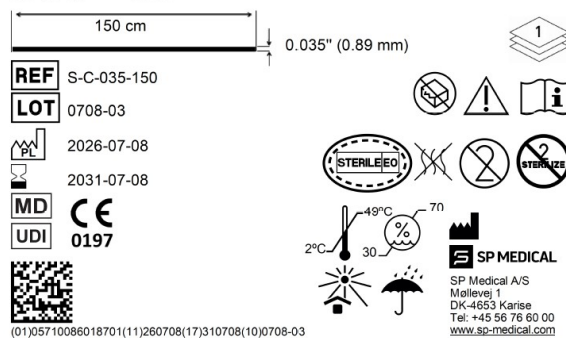

Implementation

The updated labels will be applied to products ordered on or after **20 July 2026**.

Products already in stock or currently in the production pipeline will not be affected.
